

# CADAVERIC INTERNAL ILIAC ARTERY LIGATION 2026

11 JAN 26 AFMC

Conducted by POGS in association with AFMC. Maj Gen A K Srivastava (MG Med) & Maj Gen Atul Seth, VSM (Dean AFMC) headed this workshop along with Dr Manish Machave (President POGS). It was a unique learning experience for medical students, residents & healthcare professionals. Hands-on training in surgical techniques, anatomy & dissection skills over human cadavers, wherein course of ureter, systemic devascularisation of uterus & Internal iliac ligation were demonstrated with an objective to familiarise with pelvic structures anatomy, develop surgical skills and techniques through practice.
